

Ryan Sinn Photography

Wedding Photography Packages for 2007

I feel that style is important and unique to each photographer. I recommend selecting a wedding photographer based on their style and individual personality.

Always ask to view proof books in addition to the photographer's portfolio. You want to make sure their style is consistent through-out all of their work.

This will also help to assure you that the photographs captured on your special day maintain the artistic style and ability that you initially viewed when presented with the photographer's portfolio.

I think price is important as well... and it should be. However, when you are first looking for a photographer I suggest focusing on style. Choosing an artistic focus versus a financial focus can help you more objectively see the real quality differences between individual photographers offering similar services.

You can then find a photographer that has the sense of style you prefer within the price range that you want.

With all that said... **Thank you for considering Ryan Sinn Photography.**

In this document you will find all of my current wedding rates and a list of all of the weddings I photographed during 2005 and 2006.

Feel free to contact me with you any questions or concerns that you have:

phone: 1.763.783.5721

email: service@ryansinnphotography.com

web: www.ryansinnphotography.com

mail: Ryan Sinn Photography
458 Manor Drive NE
Spring Lake Park MN 55432
